### **Terroir:**

*Gentle slopes exposed to the micro-climate of the Atlantic Ocean results in the vineyards being influenced by the cool air-flows and morning mists so typical of a maritime climate. In summer a firm south-easter wind fans the vines ensuring temperate and sunny ripening conditions. Along with dryland farming on soils of decomposed granite with a high clay content, the vines offer intensely flavoured fruit, resulting in wines of elegance, character and structure.*

### **Oenology:**

*The grapes were night harvested at different stages of ripeness, with the blocks harvested and vinified separately. 5 different clones were used. Crushed and destemmed reductively. Skin contact of 3-12 hours, pressed and settled for 6-12 hours. Racked and inoculated with selected yeasts e.g. VIN 7; QA 23: CKS; X5. All natural acid – no additional acid added. Three weeks' alcoholic fermentation, temperature controlled at 12-16°C*

### **Winemaker's notes:**

*This vibrant, classically styled Sauvignon Blanc presents a brilliant lemon-lime colour. The nose is complex with an array of tropical fruit, ripe figs and gooseberries. These crisp flavours repeat in the mouth, along with a mineral character followed by a long fruity finish. The distinctive aromas support a wonderfully balanced palate, presenting purity of ripe fruit, coupled with a lingering harmonious finish.*

### **Food suggestions:**

*Enjoy with summer foods and salads or serve chilled on its own.*
